Experience

Mindtree Limited - Senior Software Engineer
December 2013 - Present (2+ years)
Produce high fidelity software prototypes to allow clients to interact with a working product. Also assist with UI/UX designs and mockups.

MediaEDGE Communications, LLC.- Graphic Designer
December 2011 - December 2013 (2 years)
Designed professional magazine and directory layouts for many large associations. Layouts included editorial and advertisement placement as well as advertisement design when needed. Also maintained association websites through a content management system.

Publix Supermarkets - Cashier
September 2007 - March 2014 (6.5 years)
Provided excellent customer service and assisted customers with questions or concerns.

Education

A.S. - Digital Media Technology
Santa Fe College
Dean's List Fall 2010 - Spring 2012, 3.5 GPA

A.A. - Business Administration
Santa Fe College
Dean's List Fall 2007 - Spring 2010, 3.5 GPA

About Me

I am a self-motivated, time-oriented designer and developer that is always eager to learn something new. I studied graphic design in college where my internship turned into a full time job designing magazine layouts and also introduced me to basic web development. From there, I got a job where I was able to hone my skills in front-end development. I now use these skills everyday to build software for global companies.
